

Winter Newsletter

Dear Green Families,

I would like to thank all of the Team Gecko and Green Families for a wonderful beginning of the school year. All of you have made me feel very welcome and at home during the first few months of school and it is greatly appreciated.

I would like to take a moment to reflect on the season, because there is always something very special about this time of year; a special spirit in the air. The holiday season provides a rich opportunity for sensory experiences—the taste of traditional dishes; the smell of spices used in all of the goodies; the sight of beautiful lights, candles, cards; the sound of music, bells and popcorn popping. There is also a special feeling of being close to loved ones and appreciating our culture and heritage.

Our students, your children, bring us a special joy during this season, as we share meals with friends and relatives, share gifts with our loved ones and share time together as a family. As the year draws to an end, nearly all of us in most occupations are fortunate enough to spend some extra time off. *The best thing to spend on your children is your time.*

I wish for you to cherish the moments of the season of joy with your children, family and friends. These are the experiences that give richness and meaning to our lives and are to be treasured and fondly remembered in years to come.

On behalf of the entire Green staff I wish you and your family a Happy Holiday and the best New Year ever!

Sincerely,

Dr. Bruce Ferguson

Principal
